Learn French in “SKURT”:

Say it! **K**now it! Use it! **R**ead it! **T**race it!

In the comfort of your home, at your own pace and time, all year around, let our 36 years of experience in teaching a Second Language, mainly French, at various levels, help you enhance your oral proficiency in French.

**A. The procedure:**

**I.** Email specific information about your level and French experience so that you can download a recorded French dialogue with an English lexicon and a set of questions, dealing with a specific theme.

**II.** Listen to the recording and repeat aloud at least 2 times a day. When you master the vocabulary in context, read with intonation and expression, you then will respond to the set of questions accompanying the text, on your own, before listening to the recorded answers. Once you become satisfied with your performance, you either download another text dealing with a different theme or you email us your recorded reading and answers for evaluation.

**III.** After every three sessions, there will be a lesson consisting mainly of questions and answers dealing with the vocabulary of the texts already covered. At first, respond clearly and in complete sentences to the set of questions. Then listen to our set of recorded answers and compare them to yours. Finally, if necessary, go back and respond with more confidence and accuracy to the original questions, before emailing us your responses or downloading another text.

**B. The fees:**

- \$ 3.00 for every lesson which includes a recorded French text with an English for the new words.
- \$7.00 for every evaluation: We listen to your recorded reading / responses, and give you feedback.
- The payment will be made through Pay Pal at [www.ezfsl.com](http://www.ezfsl.com)
- **SPECIAL OFFER: 12 lessons x 12 evaluations x 12 months = \$100.00.**
