

5 Minutes a day and you are on your way!
Learn French in “SKURT” : Say it! Know it! Use it! Read it! Trace it!

Dear Parent(s),

1. Do you believe that learning a Second Language at an early age is easier than later on ?

2. Do you believe that French could be an asset to your child in the future?

If your answer is “yes”, please respond to the following question:

3. Is your child taking French at school right now?

If yes, would you like to sharpen your child’s skill in speaking and reading French?

If no, would you like to expose your child to that language, at an early age, 5 minutes a day?

If your answer is “yes”, let our 36 years of teaching a Second Language, mainly French, at all levels, help your child attain this goal, at his / her own pace and time, and in the comfort of your own home.

A. The procedure:

I. Email us the age and level of your child to download a French text with its English equivalent, written by us, dealing with a vocabulary relevant to the age of the child. Let your child read the English version first, or you read it with her / him, so the content will be understood. Let your child listen to the recording and repeat aloud for 5 times without looking at the French text. Subsequently, for 5 minutes a day, let your child listen to the recorded reading and repeat aloud while reading the text.

II. When your child masters the vocabulary in context, reads with intonation and expression, and understands the content of the reading, you can either download another text with more advanced vocabulary, or email us your child’s recorded reading for an evaluation.

III. After every three sessions, there will be a lesson consisting mainly of questions and answers dealing with the vocabulary of the texts already covered. At first, the child will be encouraged to respond clearly and in complete sentences, to some specific questions. Then, the child will have the opportunity to listen to our set of recorded answers and, if necessary, he / she will go back and respond with more confidence and accuracy to the original questions.

B. The fees:

- \$ 3.00 for every lesson. It includes the French text with the audio and the English version.
- \$7.00 for every evaluation: We listen to your child’s recorded reading and give you feedback.
- The payment will be made through Pay Pal at www.ezfl.com
- **SPECIAL OFFER: 12 lessons x 12 evaluations x 12 months = \$100.00.**
